

# **How to Choose a Journal for Publishing Your Article**

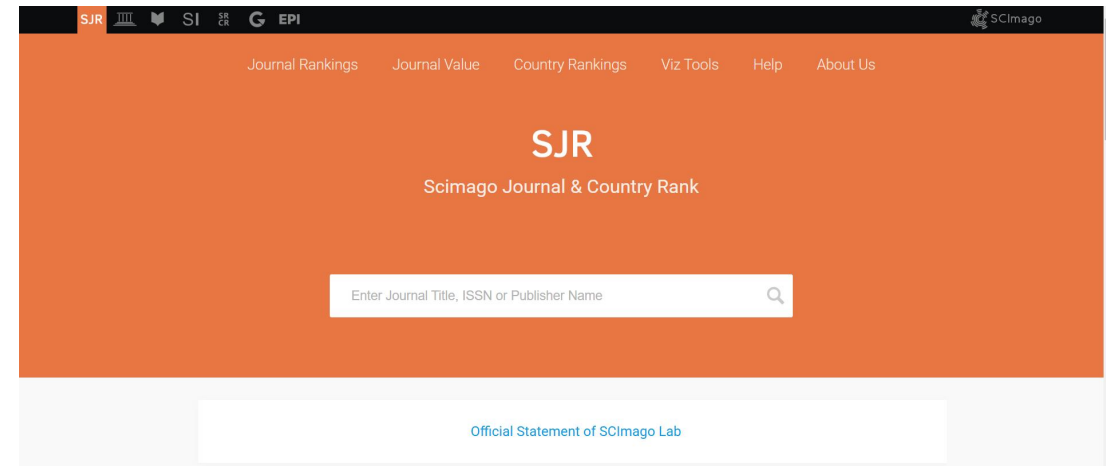

Using Scimago Journal Rank

## Journal Selection Criteria

- Journal scope and relevance
- Impact factor and ranking
- Open Access vs. Subscription
- Editorial board and peer review type
- Publication speed and costs

# Scimago Journal Rank (SJR)

- Evaluates journals based on citation data
- Uses Scopus database
- Categorized into Q1-Q4 quartiles
- [www.scimagojr.com](http://www.scimagojr.com)

## Q1-Q4 Journal Classification

- Q1 – High-impact journals (top 25%)
- Q2 – Above-average impact (25%-50%)
- Q3 – Moderate impact (50%-75%)
- Q4 – Low impact (75%-100%)

## Summary

- Choose a suitable journal for your research
- Use Scimago Journal Rank (SJR)
- Consider Q1-Q4 categories
- Verify the journal's reputation
