 - 23.2.10 Inviting distinguished researchers of various scientific fields to TMA for delivering lectures and seminars;
 - 23.2.11 Supporting arrangement of scientific conferences/debates, seasonal schools, seminars as part of TMA. Expanding students' scientific network.
 - 23.2.12 Identifying and engaging motivated students in scientific research. Selecting them through competition and criteria of the research project's principal investigator.
 - 23.2.13 Based on analysis, providing recommendations to the TMA management bodies about potential distribution of budget allocated to TMA scientific research support.
 - 23.2.14 Creating relevant environment and providing necessary infrastructure for teaching scientific and laboratory skills to students; organizing the research teaching process.
 - 23.2.15 Creating relevant study and research environment for doctoral education at TMA;
 - 23.2.16 Building, implementing and administering doctoral education programs;
 - 23.2.17 Administering admission process for Doctoral studies;
 - 23.2.18 Creating a dissertation board;
 - 23.2.19 Administering dissertation defense process – access to defense;
 - 23.2.20 Providing administrative support to dissertation board and dissertation committee, arranging and organizing all related issues;
 - 23.2.21 Preparing study materials in the Georgian and English languages;
- 23.3 Department of Scientific research and doctoral studies is headed by the head.
- 23.4 The head of the Department is accountable to the Rector.

Article 24. Laboratory

- 24.1 Laboratory is one of the structural units of TMA, that aims to support study and scientific-research process, enhance students' research capacities and increase their professional and technical knowledge in laboratory medicine;
- 24.2 The functions and obligations of the Laboratory are as follows:
- 24.2.1 Providing adequate study and research environment to TMA students;
 - 24.2.2 Cooperating with TMA academic personnel – discussing their suggestions and ideas, considering feedback within laboratory's competences;
 - 24.2.3 Planning study process in the laboratory in close cooperation with teaching personnel;
 - 24.2.4 Implementing scientific-research activities and engaging TMA students in the process in close cooperation with teaching personnel;
- 24.3 Supporting the application of laboratory infrastructure during study and research process, providing monitoring and analysis in case of necessity;
- 24.4 Structural units of the laboratory are:
- 24.4.1 Microbiology laboratory;
 - 24.4.2 Immunology laboratory;
 - 24.4.3 Biochemistry laboratory;
 - 24.4.4 Study laboratory;
- 24.5 Laboratory is headed by coordinator, who is subordinate and accountable to the Department for Scientific-research and Doctoral Studies.

Article 25. Library

The library is a structural unit of TMA, constituting TMA cultural, educational, research and information unit, which aims at full and efficient use of its body of books and electronic services and ensuring the satisfaction of the demands of students and academic/invited/administrative staff with their help.

- 25.1 TMA library has its deposit the basic, partially auxiliary and methodological literature, scientific-research works mentioned in syllabuses of the learning courses of the basic educational unit, also the other literature and information materials.
- 25.2 The library has its mission and goals, which are implemented on a gradual basis.
- 25.3 The powers of the library are as follows:
- 25.3.1 Provision of TMA educational-research process with relevant literature and other information materials on request, amongst them, continuous updating of printed and electronic library resources according to the demands of students and academic staff;
 - 25.3.2 Provision of readers with necessary library resources (books, electronic resources) on request;
 - 25.3.3 Management of library inventory;
 - 25.3.4 Creation and regular updating of alphabetic, thematic and subject-oriented catalogues for the use of library resources;
 - 25.3.5 Circulation of readers with the help of electronic program;
 - 25.3.6 Ensuring joining the library by students and academic/invited/administrative staff;
 - 25.3.7 Provision of information to students and staff about the library resources and services (amongst them, through orientation meetings and consultations);
 - 25.3.8 Caring about continuous updating and improvement of library resources and services with due consideration of the demands of the staff and the students;

- 25.4 The library is headed by the Librarian;
- 25.5 The Librarian is accountable to the Dean.
- 25.6 The activities of the library are additionally regulated by the Rules for Using Library.

Article 26. Department for Continuous Professional Development and Human Resource Management

- 26.1 Department for Continuous Professional Development and Human Resource Management is one of the structural units of TMA that aims to support professional development of academic and administrative personnel, to improve research and administrative activities. In addition, it sets objective to engage competent, highly qualified and motivated staff within TMA.
- 26.2 Department for Continuous Professional Development and Human Resource Management implements the following activities:
 - 26.2.1 Developing and planning trainings as well as other forms of study in medical education methodology (in cooperation with other structural units) in order to improve study process in line with new challenges of medical education;
 - 26.2.2 Offering training and similar services – planning, organizing participants’ groups, disseminating information and providing registration;
 - 26.2.3 Preparing Certificates for training participants, dealing with registration and issuing;
 - 26.2.4 Monitoring implementation of trainings and similar educational events;
 - 26.2.5 Creating unified database of trainings and similar educational events, administering training database;
 - 26.2.6 Monitoring dissemination of knowledge among focus groups and supporting its introduction into practice, encouraging study course development;
 - 26.2.7 Preparing survey for TMA academic and administrative personnel about fields of knowledge. Identifying topics and planning trainings in line with TMA interests and capabilities;
 - 26.2.8 Working on annual report of activities and outcomes;
 - 26.2.9 Developing and implementing effective human resources policy;
 - 26.2.10 Developing and introducing personnel evaluation and motivation system (performance appraisal) in close cooperation with the Quality Assurance Department.
 - 26.2.11 Considering professional development and qualification increase of TMA personnel;
 - 26.2.12 Filing personnel cases, arranging them in due order, keeping documents in accordance to norms;
 - 26.2.13 Creating and managing electronic database of TMA personnel;
 - 26.2.14 Providing organizational benefit management (holidays, sick leaves etc).
 - 26.2.15 Building staff reserve;
 - 26.2.16 Taking other responsibilities within the competences of the Department;
- 26.3 Human Resource Management is headed by the manager, who leads department activities in line with the document ‘Petre Shotadze Tbilisi Medical Academy Staff Vacancy Management’, ‘Human Resource Policy and Procedures’. S/he is accountable to TMA rector and Deans of the Schools.
- 26.4 Continuous Professional Development is led by a manager, accountable to TMA rector and Deans of the Schools.

Article 27. Department for Social Project Management

- 27.1 Department for Social Project Management is a structural unit of TMA that undertake the following activities:

- 27.1.1 Managing and monitoring existing social programs;
 - 27.1.2 Developing and implementing new social programs;
 - 27.1.3 Preparing reports on completed programs, presenting them to stakeholders;
 - 27.1.4 Leading active communication with TMA students on ongoing and future social programs;
 - 27.1.5 other activities within the competences of the Department;
- 27.2 Department for Social Project Management is led by the head and is accountable to the TMA rector;

Chapter XI. Post-graduate Education

Department of Post-Graduate Education is a structural unit of TMA, which ensures the creation, development and due performance of post-graduate and continuous professional development system within TMA.

Article 28. Department for Postgraduate Training Programmes

Department for Postgraduate Training Programmes undertakes the accreditation of postgraduate training programmes and professional training of residents in one of medical specialties in accordance with accredited programs within timelines, set for the residency program. Its activities are regulated by the Regulations of the Post-Graduate Education. The Department of Post-Graduate Education is accountable to the Rector.

Chapter XII. Student Services

Article 29. Consultancy and Career Services

- 29.1 Consultancy and Career Services Department is a structural unit of TMA, that is actively engaged in student life throughout the study period. It is also requested to provide career services. The main tasks and functions of the Department are as follows:
